CHI SIAMO

Fondata nel 1918 da Pietro Angelini, Apir è gestita ancora oggi dalla famiglia, giunta alla quarta generazione. La cura del dettaglio e l'attento ascolto delle esigenze dei nostri clienti sono il nostro marchio di fabbrica.

WHO WE ARE

Founded in 1918 by Pietro Angelini, Apir is still managed by the family, which has now reached its fourth generation. Attention to details and careful listening of our customers' needs are our trademark.

QUI SOMMES-NOUS

Fondé en 1918 par Pietro Angelini, Apir est encore à ce jour dirigé par la même famille, désormais à sa quatrième génération. Le soin du détail et l'écoute attentive des besoins de nos clients sont notre marque de fabrique.

WAYFINDING. PRODUCTION. INSTALLATION

Sviluppiamo progetti di wayfinding al fine di facilitare l'accesso e l'utilizzo dei servizi della struttura in piena sicurezza. Realizziamo i nostri articoli con macchine ad alta tecnologia e competenza manuale. Installiamo in tutta Europa.

We develop wayfinding projects to ease the access and use of the facility's services in complete safety. To produce our items, we use high-tech tools and our manual competence. We install all over Europe.

Nous développons des projets d'implantation dans le but de faciliter l'accès et l'utilisation des services de votre structure en toute sécurité. L'ensemble de nos produits est réalisé sur mesure à l'aide de machines haute technologie associé au savoir-faire manuel de nos équipes. Nous installons dans toute l'Europe.

OUR PRODUCTS

LIGHT SWITCH PLATES

SIGNAGE

ACCESSORIES

LIGHT SWITCH PLATES

Ogni singolo pezzo è realizzato a mano in ottone.
Rispettiamo le norme elettriche europee di sicurezza.
Gli interruttori e le prese sono compatibili con i software di domotica e le scatole standard.
Le prese sono disegnate per avere il minimo impatto visivo.
La gamma è completa di ogni accessorio.
Riusciamo a produrre articoli anche su disegno del cliente.

Every single piece is handcrafted in solid brass.
We respect European electrical safety standards.
The switches and sockets are compatible with home automation software and standard boxes.
The sockets are designed to have the minimum visual impact.
The range is complete with every accessory.
We are also able to produce items based on the customer's design.

Chaque pièce est en laiton, fabriquée artisanalement.
Nous respectons les normes européennes de sécurité électrique.
Les interrupteurs et prises sont compatibles avec tous les logiciels de domotique et les boîtes d'encastrement standards.
Les prises sont conçues pour avoir un impact visuel minimal.
La gamme est complète, se decline avec tous les composants électriques nécessaires.
Nous sommes également en mesure de réaliser nos interrupteurs à partir d'une maquette client.
