FINITURE DEL MATERIALE IN TESSUTO NON TESSUTO

FINITURA MURO:
Adatta per una decorazione meno invadente e delicata. Non fa percepire la presenza di carta da parati a parete grazie alla sua “grana” simile all’intonaco. E’ la giusta soluzione per arredare in modo elegante.

FINITURA TELA:
Adatta per apprezzare al meglio la decorazione enfatizzandola proprio come un’opera d’arte. I suoi intrecci orizzontali e verticali arricchiscono i colori e le forme dell’Artwork, rendendola unica e mettendola in prima linea rispetto agli elementi del vano.

FINITURA SHINE:
Una finitura in grado di donare brillantezza agli elementi grafici rappresentati ed arricchire notevolmente la maestosità dell’Artwork grazie alle sfumature a tono oro di tutte le parti della decorazione.

CARATTERISTICHE
MATERIALE

Ideale per interni doccia, ambienti esterni, paraschizzi cucina ed in generale per tutti gli ambienti in cui il tasso di umidità è particolarmente elevato. Indicata anche per pareti particolarmente esposte alle abrasioni e danneggiamenti.
