

OB-JACK present:

# Nora Collection

PROBABLY THE MOST LOVELY SHELVES OUT THERE

## ■ Magnetic

---

All shelves can be quickly attached to the pegboards thanks to the strength of its neodimio super-magnets. They can also be secured more firmly to support heavier loads using screws on the back.

## ■ Modular

---

Nora's strength lies in the infinite combinations of its eight elements: pegboards and shelves can be fixed independently in space and in any direction.

## ■ Colourful

---

All Nora's elements are available in three colours: Flame Red, Traffic White and Black Grey Noir, giving you the freedom to choose and change your composition at any time, from the most cheerful and colourful to the most elegant and monochromatic.

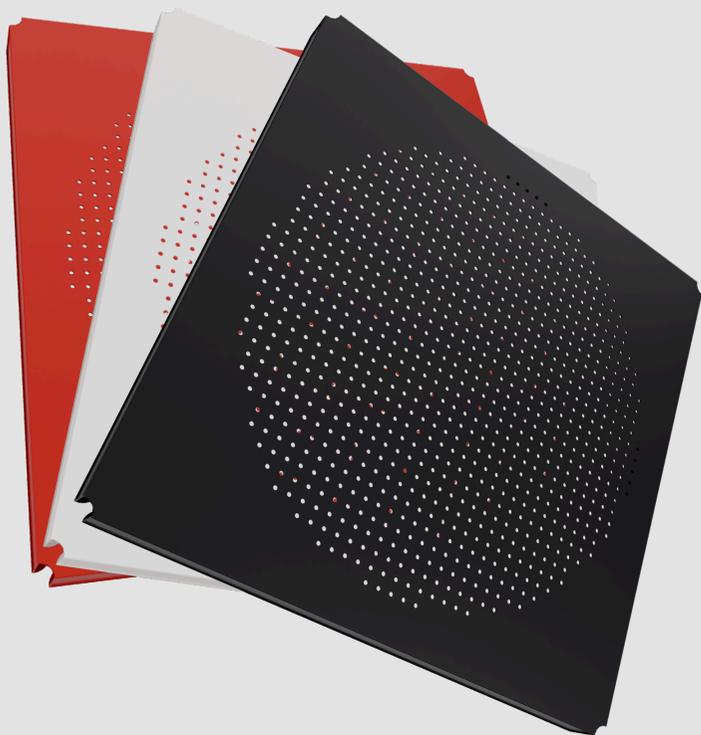

## ■ Universal

---

By carefully choosing the colours and shapes of your arrangement, Nora will suit any room and any corner of your home; it's up to you to find the perfect spot for it.

# Modern Living Wall

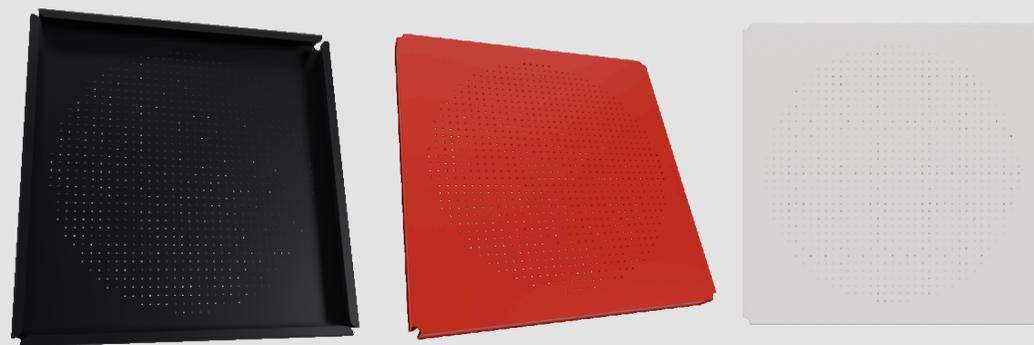

**Nora** is the first fully modular and interchangeable collection of wall-mounted metal noticeboards and magnetic shelves.

# Pegboards

Our wall-mounted pegboards provide the perfect canvas for bringing your ideas to life: arrange, align or stagger as many elements as you like – even those of different sizes – to cover your wall and create a customised grid tailored to your space. They require 2 wall plugs for fixing to the wall and are available in 3 colours.

## Panel 600

89,00 €

*Panel 600* is the first item made in the Nora brand and thanks to its simple, symmetrical shape, it represents the basic, complete and independent form on which to start any kind of composition.

## Panel 300

76,00 €

*Panel 300* was created to give more freedom on wall compositions where less space is available: it can be combined with itself on the short side developing linear geometries or paired on the long side recalling in a more artistic manner the same shape as *Panel 600*.

# SHELVES

Customize, compose, experiment.

Choose modules, colors, sizes and build the perfect composition for your space.

Designed to fit you: a modular design that evolves with your style.

Linear 150

Linear 600

51,00 €

Straight shelves are the simplest way to create elegant, timeless displays; they come in three sizes that are proportionate to one another, making them easy to combine both horizontally and vertically. They are perfect for storing everyday items such as CDs, books and ornaments, as well as any other objects in your home.

The contoured shelves will add a sense of movement to your display; the S-shaped shelf is designed as a two-tier storage unit, whilst the two V-shaped can be interpreted in a variety of ways: as an elegant magazine rack in the home or shop, a manual holder for studios as well as, due to its width, as a cute nappy holder in a child's bedroom.

34,00 €

Large V

46,00 €

# What else ?

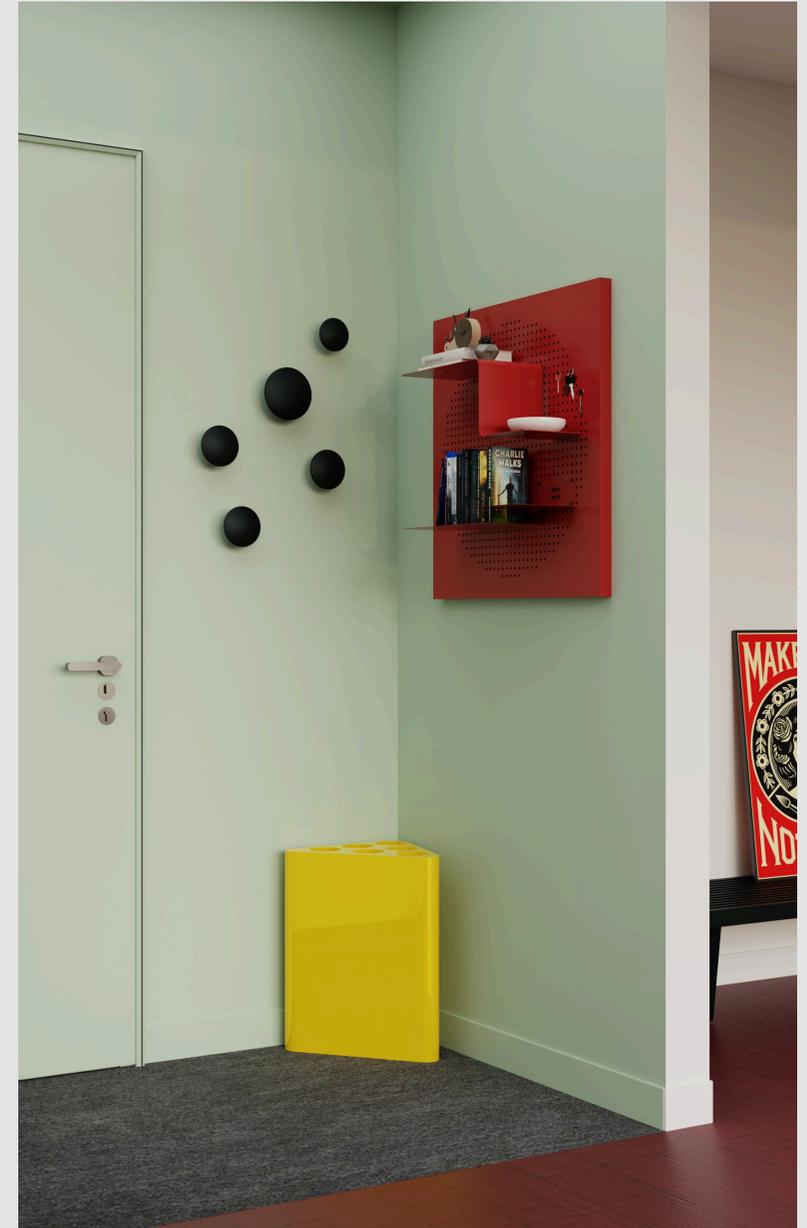

Pegboards are wall-mounted by fixed hooks and they can freely move horizontally to match the perfect position.

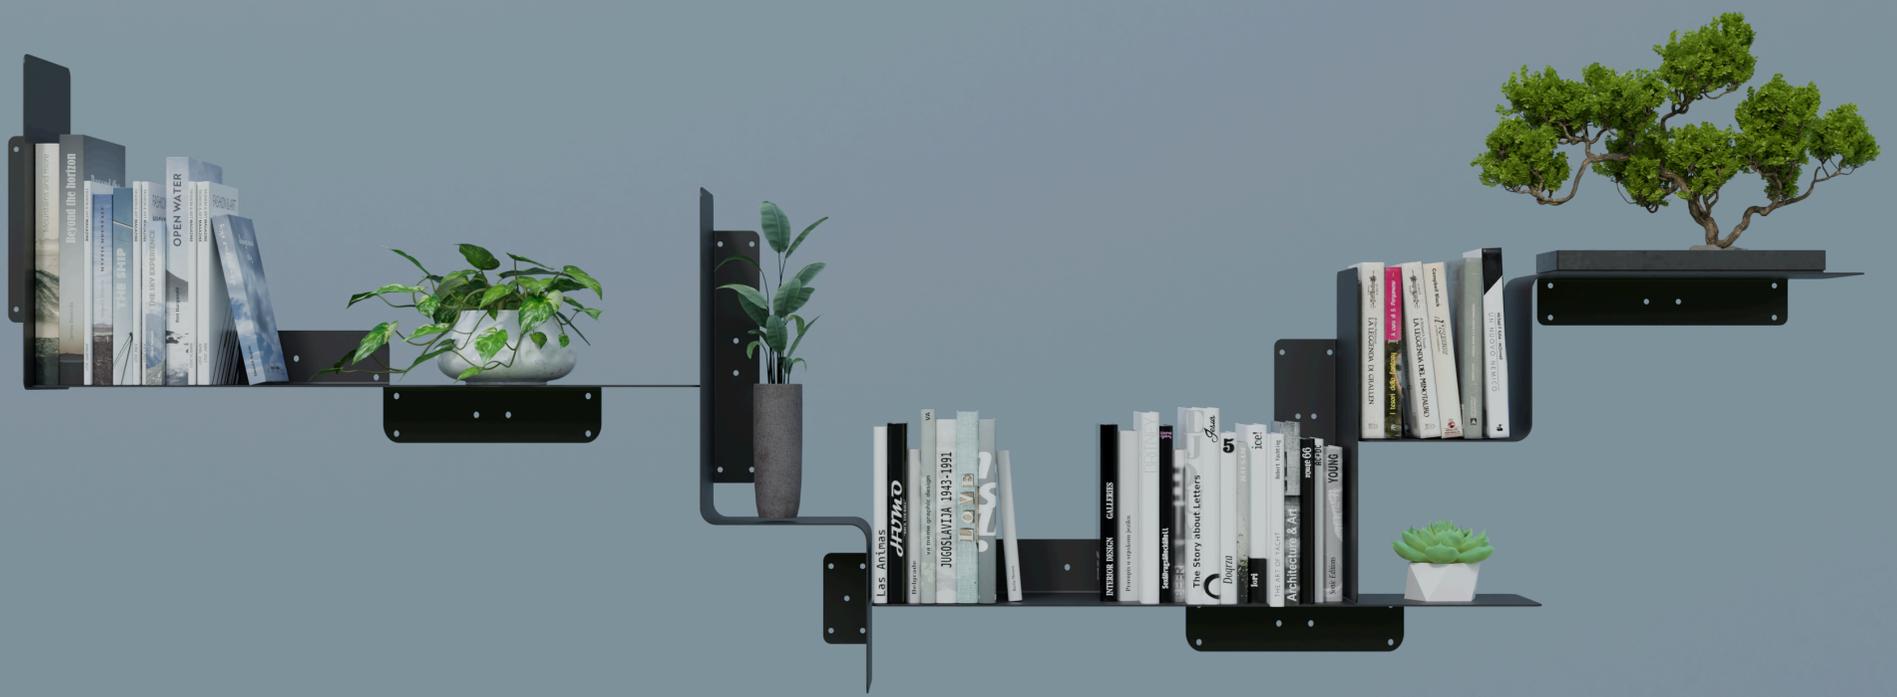

All the shelves can be quickly attached and repositioned using powerful neodymium magnets or secured with small bolts - to support heavier loads - that can be tightened by hand without the use of tools.

Every element is made from high-strength steel, powder-coated and designed and manufactured in Italy... of course!

Take a look about mounting instructions on our website.
